Remove Google ID Remotely via Your Google Account

If you no longer have the device, use these instructions to remove access remotely.

1. Go to <https://myaccount.google.com/security>
2. Sign In with your User ID and Password. Scroll down to Your Devices
3. Click Manage all devices. Enter your password again.
4. Click the device you want to remove. There may be multiple sessions on the same device.
5. Click Sign out of all sessions.
6. Confirm sign-out. All sessions on that device should show Signed Out.

Remove Apple ID Remotely via iCloud.com

Use these instructions when you do not have physical access to the device.

1. Go to iCloud.com/find
2. Sign in with your Apple ID and Password
3. All Devices should show on the screen.
4. Select the device you want to remove
5. Click Erase and follow the prompts. You will be asked again for your password. Wait for that to complete.
6. Click Remove this device from Account. You will be asked two-four times for your password.

This will remove access to your Google and Apple account from that device, even if you do not have it physically.
